

Total Access Memo

Supports Access 2010 and 2007

FREE TRIAL

Add Rich Text Memo Fields to Forms and Reports

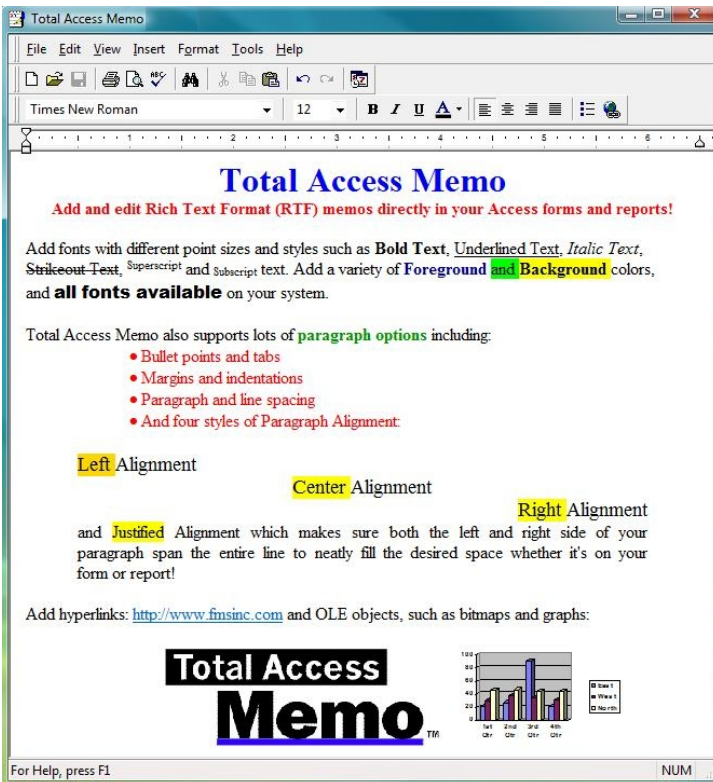

Let Your Users Add Formatting to Memo Fields

Total Access Memo breaks the Access limitation of one font and point size for memo fields. Dazzle your users with multiple fonts, styles, bullet points, paragraph settings, alignment, colors, etc. in any Access form or report. Insert the Total Access Memo control on your form or report, bind it to a memo field on your table, and you're ready to go!

- Data is stored with industry standard RTF syntax
- Pop-up, rich text full screen editor includes undo, redo, a ruler, menus, and spell checking
- Royalty-free distribution rights so all your users can use the rich text memos you add to your Access applications
- Supports Access 2010, 2007, 2003, 2002, 2000 users

New Features!

- Supports all Access 32 bit versions: 2010, 2007, 2003, 2002, & 2000
- Supports Access 2007-2010 ACCDB database formats
- Enhanced full screen rich text editor
- Enhanced spell checker
- Updated runtime library
- Updated sample database and code

Rich Text Options

- Use multiple fonts, sizes, and styles
- Apply text and background colors
- Set paragraph alignment, margins, indents, and line spacing
- Create bullet points and tabs
- Insert objects such as graphics and Excel spreadsheets
- Add hyperlinks
- Programmatic interface available
- Royalty-Free runtime license included

"Total Access Memo makes all the difference in my Access apps! Only Total Access Memo can give me fonts, colors, images, and all the formatting tools I need. It's great!"
